Magnetic lock dimension drawing

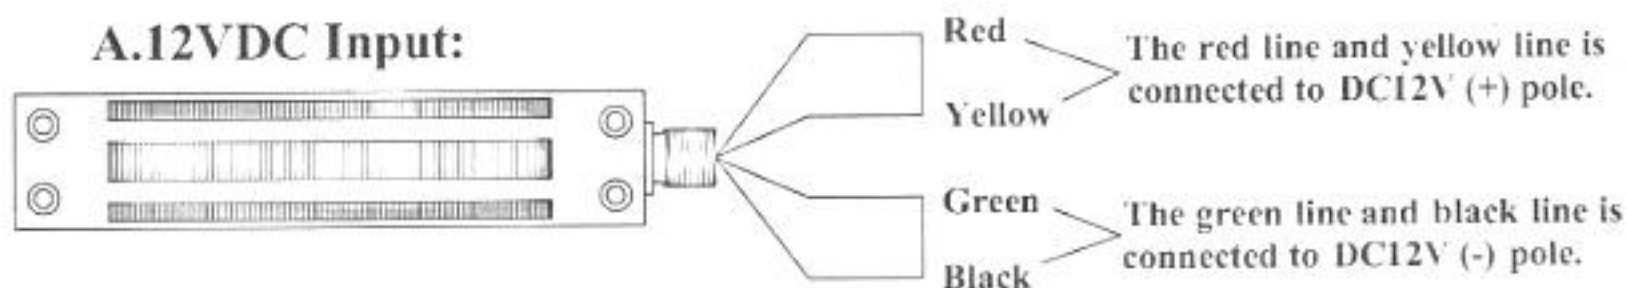

Adsorption board size chart

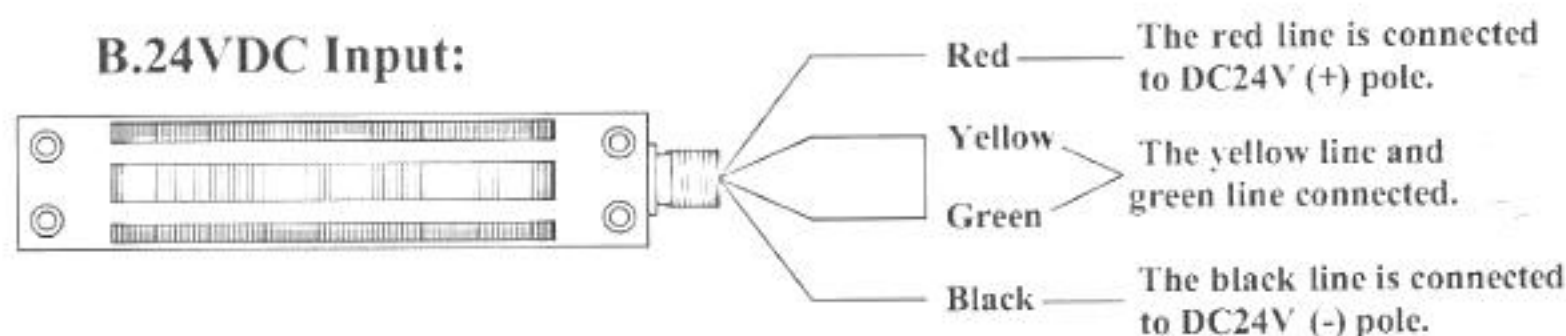

User's manual of 500 Waterproof magnetic lock

Operating Voltage:	DC12V	DC24V
Operating Current:	500mA	250mA

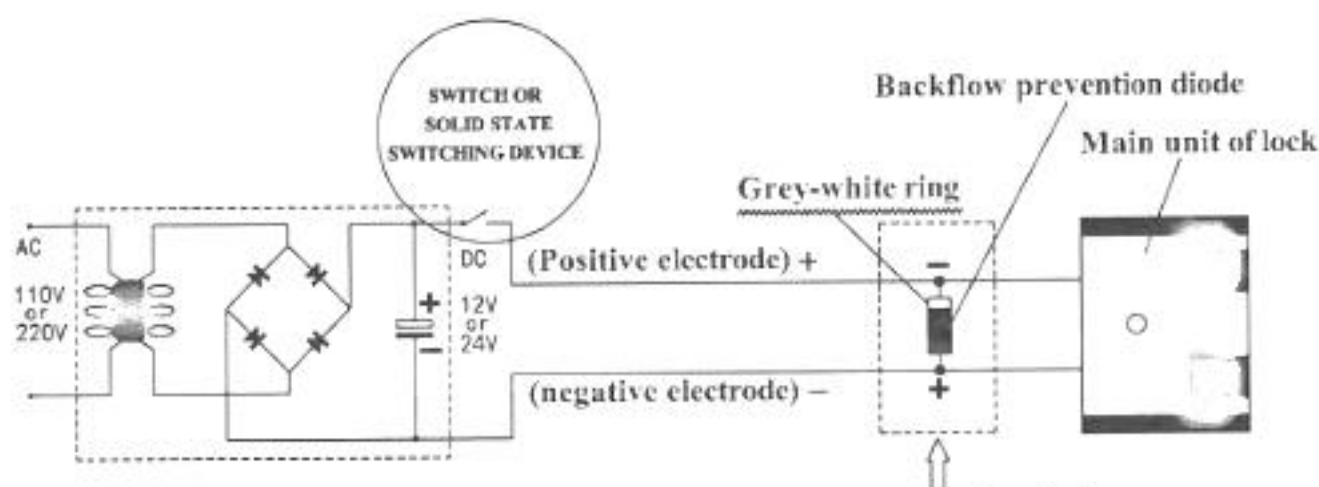

A.12VDC Input:

B.24VDC Input:

C. Connection method of backflow prevention diode:

Connection method of backflow prevention diode:

- Connect the negative electrode of diode with the positive electrode of lock body.
- Connect the positive electrode of diode with the negative electrode of lock body.
